Elastic Certified Engineer

Training Program

The Elastic Certification Program was created to recognize individuals who have demonstrated a high-level of knowledge, competence and expertise with Elasticsearch. Elastic Certified Professionals demonstrate these skills by completing challenging and relevant real-world tasks on a live Elastic Stack cluster in our hands-on, performance-based certification exams.

Elastic highly encourages candidates to attend the following training courses:

• Elasticsearch Engineer I

• Elasticsearch Engineer II

Learning Objectives

• Installation and Configuration

• Indexing Data

• Queries

• Aggregations

• Mapping and Text Analysis

• Cluster Administration

Elastic Certified Engineer
