

Real Training. Real Practice. Real Results.

CompTIA Linux+

Training Program

Linux+ certifies foundational skills and knowledge of Linux. With Linux being the central operating system for much of the world's IT infrastructure, Linux+ is an essential credential for individuals working in IT, especially those on the path of a Web and software development career.

Linux has grown into an industry-leading software and service delivery platform that is used for everything from super computers and web servers to virtualized systems and your Android phones.

Linux professionals are high in demand: With CompTIA's Linux+ Powered by LPI certification, you will acquire the fundamental skills and knowledge you need to successfully configure, manage and troubleshoot Linux systems.

Learning Objectives

- Linux+ certification program will cover all the common tasks in major distributions of Linux, including the Linux command line, basic maintenance, installing and configuring workstation, and networking.
- Linux+ is comprised of two exams – LX0-103 and LX0-104. Candidates must pass LX0-103 before taking LX0-104.

Linux+

Course Features

- Live instructor-led training in modern classrooms
- Thorough review of the CompTIA Linux+ by industry experts
- Hands-on labs with real computer hardware and software including CentOS Linux
- 100% latest material & realistic practice questions
- Confidence building hands-on training
- Classroom located in Reston & conveniently accessible from Silver Line Metro
- Authorized Pearson VUE testing at same location to help you complete your exam
- Study material, notes, videos and practice questions included in course price

Course Schedule

Session	Topics
1	<ul style="list-style-type: none">• Linux System architecture
2	<ul style="list-style-type: none">• Linux installation and package management
3	<ul style="list-style-type: none">• GNU and Unix commands
4	<ul style="list-style-type: none">• Devices, Linux file systems, file system hierarchy standard
5	<ul style="list-style-type: none">• Practice questions and review session
